Dear Mrs. Downy,

I would very much like to thank you for coming to our school to teach us more about Thomas Paine. I really enjoyed the assembly and I learned things that I had never learned about before. Some things that I hadn’t learned before is that Thomas Paine married. I never knew that before. Another thing that I hadn’t learned before is that about Mr. Cobble. I never knew about him and I never knew that Thomas Paine’s bones were taken from his death place in New York to England. I really appreciate the time you took to come to our school. Thank you again!

Sincerely,

Ben dezutter
